NORWAY AND VICINITY

Ray Bennett has gone into the local milk business with two cows. Dr. Chester M. Merrill of South Paris applied the tuberculine test last week and found no indication of disease.

Hose cart No. 1 lost a hose gate from their cart while going to the boiler house fire. This is a useful and essential appliance for the department and its return would be appreciated.

Mercy Crooker who has lived at the Burgess homestead on Elm Hill since the death of her sister, Mrs. Henry Burgess, will return to her home on Lower Main street. This change was made necessary as her niece, Grace Burgess plans to close the house for the winter and return to New York. The two young daughters of Edwin Lowe living at the Burgess home will reside with Miss Crooker.

Mrs. Abbie Linnell will reside with her sister Mercy Crooker at the falls during the winter.

Sam Isaacson received a radio message from S. S. Olympionia, Cape Race relayed by telegraph from New York Monday that his wife and two children would reach New York Wednesday. Sam started on the next train and expects to return with his family this week or a little later depending on the Immigration officials. The family journeyed from Vilno, Russia and have miraculously escaped several massacres carried out by the Cossacks and the Reds. They were unable to leave the country during the war, but through the efforts of the state department the family started for America after a four years struggle for freedom.

William H. Card of North Waterford recently of Norway was in town Tuesday on business. He has employment in Harry Brown's mill and the family are comfortably situated and contented.

Herman Lewis has returned from his vacation and taken his place at James N. Tubbs grocery store.

Tuesday morning brought the first touch of winter. Thermometers registered 15 above zero with the ground frozen to some depth and covered with white frost. The mill ponds were skimmed over with thin ice, the first time this season. An overcast sky all day added to the uncomfortable chill following a long period of balmy weather.

Several old time weather forecasters in town predict an open winter. They base their statements upon the lateness of squirrels and other animals in preparing for the future. Wild bees and wasps have built their nests nearer the ground than usual, this is an unfailing sign of a light snow fall, according to some observers. Although we may not believe in all this talk, the opportunity for conversion was never better than now. With coal $22 a ton and scarce, and wood hovering close to $15 per cord, if there is any truth in "signs" let's accept the doctrine for at least a temporary peace of mind.

Fore street to Oxford can be used and a detour over Allen hill is not necessary. The highway although graded for cement construction has been smoothed out and made passable from Norway to Oxford village. A strip of deep sand between Thompson's hill and the covered bridge is a tough proposition for trucks.

Alfred P. Chandler has finished working at Round Pond and has gone to Danville Junction to spend the winter with Mr. and Mrs. Fred Morse.

William DeCroteau fell Saturday afternoon on the sidewalk in front of the Advertiser office and broke a bone in his right wrist.

Rev. R. J. Bruce of Portland spent several days in town last of the week.

Edith M. Smith spent the week-end with her brother, Charles Smith and wife at Portland.

Dr. Arthur W. Easton and family moved into their new home on Deering street, Wednesday.

Ralph Parker of Portland, an automobile supply salesman, was in town a few days on business. He was the guest of his parents, Mr. and Mrs. Sumner Parker.

Telephone service, election night, was prompt and efficient. Not only were local calls handled with dispatch, but long distant connections were made quickly as congested lines would permit. Manager Chas Wood placed an extra night force at the switch board with excellent results.

Frank Briggs has retired as watchman and fireman at W. F. Tubbs & Co.'s factory.

Mr. and Mrs. A. R. Clark and son of Bolster's Mills started, Thursday forenoon, from Norway to St. Petersburg, Fla., where the family will spend the winter. A. R. Clark followed on the afternoon train. Mr. Clark is president of the Maine Lumber and Supply Co. of St. Petersburg, incorporated under the laws of that state. He expects to sell the Bolster's Mills property and settle in the South. This past year he has done a lumber business amounting to nearly $50,000. Mr. Clark will retain the home farm in Albany.

Election Day in Norway

Polls opened at 9 o'clock, Tuesday morning, at Norway Opera House with no rush in sight. The clerks were Margaret A. Baker, Mrs. Addie Steward, Victor L. Partridge, Asaph Richardson. Simeon Harriman and Giles F. Frost. The selectmen checked at the exit and handled the ballot box. Eugene C. Libby and A. F. Hall were constables at the gates.

The Republican organization was an active factor during the day. Although the state was reasonably sure for Harding, but the Town committee was everlastingly at it until the closing hour at 6 o'clock. Automobiles with women at the wheel, drove over muddy roads into by ways and hedges after the infirmed, the "stay aways" and the indifferent.

While the Democratic committee were less prominent in their labors, they were busy, especially with the village list. No great attempt was made to rush in the rural voters.

The final count gave Harding 657 and Cox 385, Debbs, socialist 2, Macauley, single tax 3, total 1047. Ten defective ballots were discarded. Some change was made in the list of electors for leading parties. Despite a heavy downpour, the crowd commenced to gather at both headquarters after tea. Returns from Oxford County were all tabulated before 7.30 p. m., and the State was well covered before 9 o'clock.

Asociated Press despatches were received at the Norway Republican Club during the evening. They were in direct phone communication with the Boston Globe, Republican Headquarters at Augusta, Lewiston Sun, Lewiston Journal, Portland Evening Express and Portland Press. Information was furnished Oxford and surrounding towns, besides many personal calls in the local telephone district. Bulletins were posted in conspicuous places about the room, and a careful tabulation made from the newspaper forecasts. Practically all states east of the Mississippi river were listed before 11 o'clock. Returns from the middle west, the south, and Pacific coast were received before midnight. Among the two hundred citizens present, fully half that number were women and very enthusiastic. Coffee, doughnuts and sweet cider were served at a late hour.

A large number gathered at the B. G. McIntire Democratic Club rooms in the Noyes block. Returns were tabulated and a close watch kept on doubtful states. As the evening progressed the crowd thinned out perceptibly, but a dozen or more remained for a possible change in the color of the news.

Republicans Will Celebrate

A band, torchlights, colored fire and noise will be the feature in a monster parade at Norway Thursday evening, Nov. 4. This gathering has been arranged by the Norway Republican Club to celebrate the Harding and Coolidge victory. Women will march in the procession and carry a torch like any regular. Others of a different political faith are not barred if they feel disposed to climb on the band wagon.

Parade will form in front of Republican Headquarters at 7.30 sharp Dancing in Opera House after the street show.

Foster-Valley

Fitzroy L. Foster of South Paris and Josephine Valley of Norway were united in marriage by Rev. C. J. Cassidy at the Catholic Rectory Tuesday morning, Oct. 26 at half past six. The attendants were Paul and Josephine Croteau.

Mrs. Foster is the daughter of Mr. and Mrs. Joseph Valley who reside on Bridge street, Norway. She has employment in the shoe factory.

Mr Foster is the son of Mrs. Minnie C. Foster of South Paris and is employed at the Mason Manufacturing Co. They will reside at the home of the bride's parents.

A good time was enjoyed by the young people who attended the Hallowe'en social given by the C. E. society, Friday evening. There were between 60 and 70 in attendance at the Hallowe'en party given by the Juniors.

Thursday, Nov. 11, is the date of the annual meeting and roll call of the church. A banquet will be served at 6.45. Exercises to follow.

The Ramblers met, Wednesday evening, at the Cummings camp on Pike Hill and enjoyed an oyster stew supper with all the fixings. Those present were, Mr. and Mrs. Evander Whitman, Mildred J. Holmes, Mr. and Mrs. Oliver J. Foss, Phillip F. Stone, Mr. and Mrs. Leon Emery, Mrs. Elmer Morrill, Clarence W. Buck and Ralph S. Osgood.

William W. Gallagher returned first of the week, after spending a few days in Portland.

"Creeper" Cross is hostler in Green's Livery stable and carries the mail for Wilson Walker.

Mr. and Mrs. Thomas N. Easton and son and wife, Mr. and Mrs. Harold Easton, of Bridgton, spent the day Sunday, with their son, Dr. Arthur W. Easton and family.

A bear story comes from a cottage on Lake Pennesseewassee. Mr. and Mrs. Arthur Morgan, Mr. and Mrs. Walter F. Morgan and Rev. and Mrs. F. A. Sullivan have been rusticating at the Morgan Cottage. Also they have heard growls and foot falls resembling noises as any inquisitive bear might render. As the days past members of the party grew haggard and tip toed around, not unlike the early Pilgrim fathers continually on the alert for Indians. A black object was seen in the moonlight and the party barricaded the doors expecting an attack. The creature remaintd on guard until dawn. Mrs. Sullivan decided to investigate after breakfast and spunking up courage sallied forth. She brought home the bacon. Not a ferocious bear but a large pincushion cast away months ago. After this Sherlock Holmes stunt, the voices ceased, and all was calm along the shore of Lake Pennesseewassee.

Norway Grange Fair

The annual sale, chicken pie supper, entertainment and dance was held at the Grange Hall Friday afternoon and evening and a large number attended.

The sale opened at 2 o'clock with various booths displaying a large stock in trade including housekeeping articles, farm products, home made candy and mystery bundles. Two quilts and three sofa pillows were disposed of during a sale of numbered post cards. Carl Foster and Mrs. Minnie Luck and Mellie Dunham carried home the pillows. Mrs. Angeline Adams and Mrs. N. U. Greenlaw captured the fine quilts. Mrs. Jennie Millett won the box of chocolates.

Two hundred and more patrons sat down to the famous chicken pie supper served from 6.45 to 8 o'clock. Norway Grange never do anything by halves, they go into it with a will, and the supper was complete in every detail. The committee in charge included Edith Knightly; Flora Abbott, Dora Brown, Emma Packard, Lydia Abbott, Christina Noble, Winnie Hall, Viola Abbott, Hattie Brown, Lois Jackson and Addie Hill.

At the entertainment Ethel Marshall, the talented elocutionist from Hebron gave a variety of readings which pleased the large audience. Singing by the Noble Quartet, comprising Rose and Cherry Noble, Nathan and Philip Noble was one of the features of the program. Esther Hutchins and Elsie Smith rendered a piano solo; Nathan Noble responded to several encores with his songs, and Millie Dunham with Cherry Noble at the piano played several lively and good old time selections.

Dancing followed with Anderson's orchestra in attendance. To say a crowd was on the floor would be expressing it mildly. It was a perfect jam, yet this only added to the sport and all apparently enjoyed the congestion. Through some misunderstanding the lights were turned off during the last number and the dance went merrily on in total darkness.

It happened that this was the 28th wedding anniversary of Mr. and Mrs. E. D. Packard, and the Grangers arranged a surprise for them. One side of a table was reserved for them, and these chairs were tied with white crepe paper. In the party were Mr. and Mrs. Packard, Mr. and Mrs. Elmer Packard, Mr. and Mrs. John C. Shepard and Edward Shepard of Auburn.

During supper a package was brought Mr. and Mrs. Packard which contained a half dozen silver teaspoons and a hand painted booklet, containing the names of the Grangers. The people seated across the table presented them later with two Pyrex dishes. Mr. Packard is janitor of the hall and is one of the popular men about town, while Mrs. Packard is one of the workers and a famous cook.

Looking for Law Breakers

W. H. Barker, deputy Inland Fish and Game Commissioner Warden, has recently returned to his home in West Paris after a two weeks' trip in Penobscot Hancock and Washington counties. He went as far east as Machias.

Signs of big game were plenty, and the sportsmen as a rule are keeping within the law, and that local wardens are keeping a good watch for violators.

He was recently at Big Brook in North Lovell and saw many large salmon on spawning beds.

Methodist Church Notes

The subject of the morning sermon will be "Paul's Vision of the Unutterable Things?" In the evening the preacher will speak on "Religion and Fun."

Cutters at the Norway Shoe Co. went to work Monday after several week's idleness. Other departments will start as the shoes pass along. Prospects for a fair average every day are good.

Clerk of Courts, Donald B. Partridge has received an application for naturalization the first of its kind in Oxford County. A woman from Rumford wishes to be come a citizen of the United States. It is believed this is the beginning of a general rush among the women not qualified to cast the ballot.

Ed. W. Dyer of the power Paint Co. has been in town this week for a short rest before continuing on his route with the painting machine. He carries his outfit on a truck and has made stands at fifty seven towns this summer while under contract with the Standard Oil Co. and doing custom painting between times.

The American Legion Post, No. 82 is negotiating a long term lease of the former Atherton Company store. The premises are owned by the Norway Reality Co. and it is understood the deal will be closed in favor of the Legion when the stockholders meet in regular session. Lawrence M. Carroll will make a donation of fuel for the winter. If the lease is granted the Grand Army and Womans Relief Corps will be invited to use the rooms for their meetings, social gatherings and relief work.

The salaried employees of Carroll Jellison & Co. recently met the heads of the firm and through Mr. Bancroft as spokesman announced their willingness to be dropped from the pay roll during the suspension of work. It showed a kindly feeling and was duly appreciated but the firm said they better accept their usual pay for a few weeks longer in the hopes business might start up.

Larry Carroll: "We've spent $2,200.00 in search for orders and haven't sold a case of shoes. No one will buy. There is no call for our line of shoes."

Mrs. Katrina R. Brackett

Eleven days after the birth of a son Katrina R. wife of Charles F. Brackett passed away Sunday, Oct. 31 at 10 o'clock in the forenoon. Brights disease is given as the cause of her death.

The deceased was born at Oxford twenty-eight years ago, on April 29, 1892 and the daughter of Thomas A. and Edith L. Clark Johnson now of South Paris.

She attended the schools at Oxford and moved to South Paris about eight years ago. During the past five years she has resided in Norway.

She was twice married, her first husband being Theophilus J. Judkins of South Paris, the wedding taking place June 30, 1907. On Nov. 26, 1918 she became the wife of Charles F. Brackett of Norway and they have ever since resided on Fair street and made a home for a young son by the first marriage. Mrs. Brackett attended the Methodist church but was not affiliated with any club or fraternal order.

She leaves beside her husband, a son Garfield Judkins aged 10, and an infant Charles F. Brackett Jr. born Oct. 20, She is also survived by her parents, four brothers, and two sisters, Mrs. Carrie Walker of South Paris and Mrs. Nettie Walker.

Rev. Frederick A. Sullivan, pastor of the Norway Methodist church conducted services at the home Tuesday afternoon at 1 o'clock. The bearers were her brothers, Ralph E. Johnson, George E. Johnson, Milton I. Johnson and Thomas A. Johnson. Burial was at East Oxford. Beautiful flowers from relatives and friends were silent tokens of love and esteem.

Farm Bureau Organized

The final organization of the Oxford County Farm Bureau took place here Oct. 28, the election of officers resulting as follows:

The attendance was large and much interest and enthusiasm has been manifest. The organization started with 150 members and a campaign between Nov. 4 and Nov. 20 inclusive will be conducted to increase that number. Oxford County has been divided into districts to aid in this systematic canvas. This county will join with York county in accepting the challenge of Kennebec to compete with any two counties for a membership drive.

Winter Schedule Arranged

Norway High School Athletic Association has completed the trying-out process, and selected a basket ball outfit which will include the following players; William Ledger, right guard; Clarence Dyer, left guard; Clayton Purington, left forward; Ernest Descoteau, center; Edward McCormack, right forward; Stephen Cummings, sub. William Ledger is manager, Clayton Purington, captain and Albert C. Parker, coach.

Purington is the only player remaining from last season's fast bunch. The other members of the new team were prominent in the second division last winter therefore have a good working knowledge of the sport.

The schedule as arranged includes sixteen games, others may be added after the arrangments have been completed. Season will open at West Paris Dec. 3 and close at Island Pond March 18 according to the present schedule.

Arthur DeCoteau returned to Bates college, Monday, after some days spent at home while a broken collar bone was healing. He was injured playing football some three weeks ago.

Horace C. Kimball has been confined to his home since Saturday, with mumps. Horace once believed he met that trouble when young, now he knows it was all a mistake. It must have been croup or cholic. He was unable to vote, Tuesday, and missed that duty for the first time in many years, much to his sorrow. Rex theatre is without a guardian of the law during his enforced absence.

A number of auto parties attended the games, Saturday, at Orono, between Bates and Bowdoin.

Emma J. Smith, Mrs. Charles H. Sargent and Mrs. Cyrus S. Tucker entertained at auction Friday, Saturday and Monday evenings, in honor of Mrs. Izah H. Whitman, who leaves, Nov. 8, for her home in Red Wing, Minn. There were two tables at play each evening.

The Baptist Sunday school were invited to the home of Mrs. Guy Buck, Pleasant Ridge, Norway Lake, Saturday evening, to a Hallowe'en party. All sorts of games and stunts prevailed. The yard was lighted with Japanese lanterns and on the arrival of the guests, ghosts greeted them at the door and escorted them inside. Autumn leaves and orange and black paper made up the decorations. The house was darkened and jack-o-lanterns and candles made things seem quite spooky. It was a general good time, the evening closing with music. About 60 enjoyed the evening; many arriving in weird costumes.

REPUBLICAN VICTORY COMPLETE

Warren G. Harding and Calvin Coolidge, the Republican nominees for president and vice president, made practically a clean sweep against the Democratic nominees, James M. Cox and Franklin D. Roosevelt. Late news assure at least 375 electoral votes to the successful candidates, from a possible 531. Maine gives Harding the largest plurality ever offered a presidential candidate. Harding's vote in Maine was 134,411 to 58,078 for Cox. Harding's plurality 76,333.

Harding sweeps the country by the largest popular vote ever cast. Boston for the second time in its history went strongly Republican. Harding carried the city by approximately 100,000.

Both Houses of Congress will remain Republican by increased majorities. Senator Harding not only carried Ohio, the home of both presidential nominees, but won a complete victory in President Wilson's district and the state of New Jersey.

Rumford and Stow were the only towns in Oxford county carried by the Democrats. Biddeford was the only city in Maine giving Cox a majority. Twenty cities in 1916 gave President Wilson 22,504, Hughes 21,600, Wilson's plurality 904. The same cities gave Harding 46,027, Cox 22,543, Harding's plurality 23,484.

Everything considered, Tuesday's election brought about the greatest G. O. P. victory since 1888.

SOUTH PARIS

William B. Edwards

William B. Edwards died at his residence on Thursday, Oct. 28, cancer of the liver being the cause of his death. He had kept at his work until within a few weeks but the end came suddenly, and sooner than had been expected.

Mr. Edwards was the son of Deacon Alexander and Mary (Batchelder) Edwards, and was born in South Framingham, Mass., Nov. 15, 1851. In 1866 the family came to Paris and settled on the farm where B. Y. Russell lives. When he was twenty-one Mr. Edwards went to work in the factory of the Paris Hill Manufacturing Co., the predecessor of the present Paris Manufacturing Co., and when that business removed from Paris Hill to South Paris he came with it.

Some years later he went to Dixfield, and was employed in a spool mill seven years. He then returned to South Paris to take the position of foreman in the machine room of the Paris Manufacturing Co., which he held to the time of his death. He took an occasional vacation, but otherwise rarely missed a day from his work.

He married Edith Stowell of Dixfield, who died years ago. They had two children, who passed away early in life. His second marriage was with Sarah B. Fay, who died bout two years ago.

Mr. Edwards was a member of Mount Mica Lodge of Odd Fellows of South Paris and Aurora Encampment. He was a constant attendant at the Baptist church and a ready and willing helper in the work of the church. Athough genial with all he met, and always ready to give aid in any good cause, he engaged very little in any social activity and divided his time principally between his work at the factory and his home.

He is survived by one sister, Annie Edwards, who has made her home with him for the past few years and one brother, Charles Edwards, of South Paris.

The funeral Sunday afternoon was attended by Rev. J. L. Wilson of the Baptist church. Burial was at Dixfield beside his first wife and their children.

Colley-Clifford

A pretty home wedding took place at 4:30 P. M. Sunday, Oct. 31, at the home of the bride's parents, when Mary Alice, daughter of Mr. and Mrs. W. K. Clifford, was united in marriage with George Richard Colley of South Poland. Rev. Chester Gore Miller was the officiating clergyman, the double ring service being used. The bride was given in marriage by her father. The couple were unattended. The bride was gowned in white crepede-chine and carried a bouquet of American Beauty roses. Lohengrin's Wedding March was played by the bride's sister, Annie Clifford. The decorations were of beautiful cut flowers. Only the immediate relatives of both families were present.

The bride is a graduate of Paris High School, class of 1916, and teaching in town schools two years, attended Bates College two years. The groom is a graduate of Yarmouth Academy and Gray's Business College of Portland, and for several years has been connected with the hotel business, at present serving as manager of the Mansion House at Poland Spring. Are You Rheumatic?
Many Pangs That Pass for Rheumatism Are Really Due to Weak Kidneys
Is it rheumatism?
Not every pain is.
Weak kidneys let uric acid collect.
Uric acid causes many queer pains.
In the thigh it's sciatica;
In the back, lumbago;
In the nerves, neuritis.
Gout, Gravel, dropsy are uric troubles.
When you suspect the kidneys use Doan's Kidney Pills—
The home-recommended remedy.
Norway testimony is the best proof. Ask your neighbor.
Read this Norway woman's story:
Mrs. F. L. Starbird, in rear Beals Hotel, says: Doan's Kidney Pills have been an old standby with me for years. At times my kidneys don't act as they should or my back aches. I often have blinding dizzy spells and rheumatic pains when my finger joints seem to swell and are painful. I always use Doan's Kidney Pills from Noyes Drug Store at these times and they quickly relieve me and cure me of the attack. I can't say enough in praise of Doan's.

"That's the way to heat a house—
each room as you need it"

BY "driving" your furnace or steam heater to keep every room up to 70° or 72°, you invariably make *some* rooms stuffy—overheated. Up-to-date families keep the whole house reasonably warm with their regular heater and use a Perfection Oil Heater to make the most used rooms extra comfortable and cozy.

This is scientific, *direct* heating. Where you heat rooms only as they need it, there is a noticeable decrease in coal bills—less care, more comfort.

About 10 hours of heat on a gallon of kerosene

A Perfection Oil Heater will burn about 10 hours on a gallon of kerosene. It is so simple and compact a child could clean it—no fuss, no litter, no ashes.

Wherever you put it you find a radiant glow of cozy warmth. Boil a tea kettle of water on it, let it dry the clothes on a rainy day, take it in the sewing room, put it in the play-room. In coal saved, convenience and general usefulness, it pays for itself many times over.

Sold at leading hardware, housefurnishing and department stores—in black or blue finish—with or without nickeled trimmings. Your dealer will gladly explain its operation. Look at one today.

For best results use Socony Kerosene.

READY TO GIVE UP AFTER LONG FIGHT

Was So Worn Out He Could Hardly Work —Tanlac Restored Him To Splendid Health

"Since taking Tanlac I am enjoying such fine health I can't tell I was ever troubled in any way in my life," said Michael J. McCoy of 27 Crey Lane, Portland, Maine.

"My health broke down about a year ago, and since then I have hardly been able to stay at work, for I would have to give up and lay off every week or two. I lost my appetite, and sometimes just the sight of food made me so nauseated I couldn't even go to the table. Naturally I commenced to lose in weight; and I got awful weak and nervous. I had cramps and pains in my limbs and arms, and in my fingers and toes. During the first part of the night I could never sleep a wink, and when I did finally drop off to sleep it wasn't but three or four hours until it was time to get up. All the time I had that tired-out, good-for-nothing feeling that makes a fellow ready to give up.

"About two months ago I started taking Tanlac and it hit the spot right away, and in no time I was feeling like a different man altogether. I am hungry all the time now and can eat anything set before me and digest it as good as I ever could in my life. The cramps have left me entirely and my nerves are as strong as steel and I sleep like a log every night. I have gained eleven pounds in weight, am working hard every day and I am feeling better and stronger than I have in years. I certainly can recommend Tanlac."

Tanlac is sold in Norway by A. L. Clark Drug Co., in West Paris by S. T. White, and by O. H. Haskell, Sweden, R. F. D. Harrison, Messrs. Hutchins & Webb, North Fryeburg, and Kidder Bros., Peru.

ARE YOU HELPING TO BUILD MAINE THROUGH PATRIOTISM OR BECAUSE IT PAYS?

Have you given thought to what the development of Maine means to you personally?

Do you realize how your own pocket book is benefited if Maine prospers?

Some few people exist in Maine to whom the state's prosperity means little–but they are mostly in the poor house.

To the rest of us, who make a decent living in the Pine Tree State, it means much to us to have taxes lower, work plentiful and prosperity rampant.

You can help to bring prosperity to Maine, and hence to yourself, by helping Central Maine Power Company to develop the water power that should bring more industries and greater prosperity to your home state and your home town.

You can do it by the purchase of Central Maine Power Company 7 per cent Preferred Stock, which is being sold to finance the building of dams and power houses.

Think this matter over from your own personal, selfish side–then send the coupon.

A woman of New Auburn (Me.) writes: "There must be lots of women who feel as I did. I suffered in silence many times on account of my pride, but now I know that a good laxative is essential to good health. I neglected my health trying to keep cheery and pretending I was all right when I wasn't. I had terrible pains, was 'grouchy' and my headaches almost killed me with pain, and worst of all from my viewpoint I had a sallow, unbecoming complexion which was not helped by face powders. Why didn't I try to cure myself rather than pretend? After taking Dr. True's Elixir, I now know that a laxative was what I needed. Dr. True's Elixir is mild and pleasant to take, and works just right for me. My complexion cleared up—bright and ruddy—blemishes vanished and everyone remarked how much better I looked."—Mrs. E. J. B., New Auburn, Me.

The root of many of the evils of sickness is the bowels, a very vital part of the human body.

A cold, a fever, diseases or the like can be helped at once, providing the operation of the bowels is normal—the first and most important relief can be had by giving a Laxative, be sure it is the proper kind.

Most everybody in these days of quick action and strife forget their health. The laboring people bolt down their meals, often go to bed right after eating, and wake up in the morning restless, force down a breakfast and then are distressed all day.

Dr. True's Elixir is mild and pleasant to take, and works just right for me. My complexion cleared up—bright and rosy—blemishes vanished and everyone remarked how much better I looked."—Mrs. E. B. New Auburn, Me.

The root of many of the evils of sickness is the bowels, a very vital part of the human body.

A cold, a fever, diseases or the like can be helped at once, providing the operation of the bowels is normal—the first and most important relief can be had by giving a Laxative, be sure it is the proper kind.

Most everybody in these days of quick action and rush forget their health. The laboring people bolt down their meals, often go to bed right after eating, and wake up in the morning restless, force down a breakfast and then are distressed all day.

An Outdoor Worker says: "I couldn't puzzle out what made me feel so bad. My good, home-cooked meals didn't even taste good, and I had headaches and was grouchy. I never though it was constipation, but now I know, for I took four doses of your Dr. True's Elixir, and it fixed me up grand. I will never be without it again in case of constipation."—F. B. B., Allston, Mass.

The bowels need attention first and always. Rich foods, improper cooking, irregular and quick eating, lack of exercise can all be offset providing a mild laxative is taken regularly.

A Business Man writes: "The continual rush of office details and the short meal hours I get, together with, I think, restaurant foods, has simply knocked my system all to pieces. I felt logy, and had no appetite until I took Dr. True's Elixir, as a Laxative. It is a great thing. No one should neglect their bowels."

Dr. True's Elixir, the Family Laxative and Worm Expeller, with an established reputation since 1851 (over 68 years) has accomplished the seemingly impossible. It has relieved thousands of sufferers from constipation, which causes so many terrible disorders.

Dr. True's Elixir will benefit everyone: The laborer who eats heartily and quickly; the office boy and girl who eat "fancies" and irregularly; elderly people who can't digest well and children who suffer from intestinal parasites.

Symptoms of worms: Deranged stomach, swollen upper lip, offensive breath, hard and full belly, with occasional pains about the navel, pale face, eyes heavy and dull, twitching eyelids, itching of the nose and rectum, short dry cough, grinding of the teeth, red points on the tongue, starting during sleep.

Dr. True's Elixir means a big saving to health and pocketbook. "At all dealers." Three sizes. Buy the large size.

Youthful News Reporters

Two boys in breathless anxiety rushed into our office and asked what it cost to put a piece in the paper. They were told if the "piece" was news no charge would be made and they wrote:

"Irving Joslin, Fred Lewis, Erlon Emerson, Abraham Salleby, Keith Bradbury, Cecil Moore, Harry Smith, James Smith, played football at James Smith's yard, Saturday afternoon."

On inquiry we found the score stood 21 to 19 between Abraham Saleeby and Keith Bradbury vs. James Smith and Erlon Emerson's side.

Decreasing Birth Rate

The birth rate of six cities in Maine has increased: Bath, Biddeford, Brewer, Portland, Rockland and South Portland. This is for the past three years. The percentage of decrease in the other 16 cities is very much larger than the increase, and shows a larger dropping off. The death rate for babies under twelve months is less than in 1916. Belfast is the smallest showing less than 13 to the 1000, and Saco and Calais 120 each, and Ellsworth, 110. In Saco in 1916 the death rate of infants was 195 to the 1000.—Health Bulletin.

Whereas, The Reaper whose name is Death has entered the portals of Suncook Grange No. 140 and removed Sister Mildred Davis to that great Grange above.
Resolved: that while we bow in humble submission to the will of Him who "doeth all things well," we sincerely mourn for and cherish the memory of our sister, who has been taken from us, and can but realize that she has passed thru that which we all must pass ere we enter "That paradise not made with hands eternal in the Heavens."
Resolved: That we as a Grange extend our heartfelt sympathy to the family of our departed Sister,—to her husband in his grief and loneliness and to all other relatives who mourn her loss.

BANNER ROAD TOWNS

Norway and South Paris are to be the banner towns in the State for fine streets, and in fact, there are few larger places that will more thoroughly cover their business sections with modern highways than these two live communities in Oxford County. It is only necessary to make a few plain statements of fact and to quote a few figures to prove this claim.

In 1916 Norway rebuilt its main street with the finest concrete construction with the idea of showing its citizens just what a tremendous advantage it would be to the town. The experiment was a complete success, and last year, therefore, it was a fairly easy matter to get the citizens to agree to continue the work. Through the efforts of three progressive residents, Perley F. Ripley of South Paris, and L. M. Carroll and Henry Foster of Norway, an agreement was reached whereby it was decided to reconstruct and connect the business sections of the two towns with a fine new pavement. It was agreed that the best should be none too good, and concrete was selected.

South Paris appropriated $53,184 and Norway $20,000 to carry out the work, a combined sum that would do credit to a city the size of Portland. South Paris voted to put down about two miles of this splendid pavement, and Norway about one, the latter's share being the smaller because of its previous work along this line. It was then decided to see if the State would do some similar construction southward toward Portland so as to connect the State highway with the section now built some distance beyond Welchville in direction of Norway, and which eventually will be completed the entire distance into the State metropolis. In view of the splendid spirit shown by the two towns the State Highway Commission felt that it could do no less than co-operate and agreed to fill in the missing link, 5.07 miles, with concrete.

The work has been in progress all summer and will be finished next year. When done it will mean that there will be the finest type of concrete highway for a distance of nearly six miles south of Norway connecting in the latter village with the town construction which will be the entire length of Main street, and from this thoroughfare down Cottage street to the railroad station. It will continue over Paris street, past the Oxford county fair grounds to the South Paris line, and will then proceed over Pleasant street, past the Grand Trunk station and through Market Square and by Moore Park to the iron bridge over the Little Androscoggin river on the road to Bethel. The type of construction will be of the highest and the whole will constitute nearly 10 miles of magnificent work on the State highway between Portland and Bethel, by the way of Gray and Poland Spring.

Can any other city or town in Maine show so progressive a spirit in highway improvement at the present time?—Portland Express.

FAINTING AND DIZZY SPELLS

The Cause of such Symptoms and Remedy Told in This Letter.

Syracuse, N. Y.—"When I commenced the Change of Life I was poorly, had no appetite and had fainting spells. I suffered for two or three years before I began taking Lydia E. Pinkham's Vegetable Compound and the Liver Pills which I saw advertised in the papers and in your little books. I took about twelve bottles of your Vegetable Compound and found it a wonderful remedy. I commenced to pick up at once and my suffering was relieved. I have told others about your medicine and know of some who have taken it. I am glad to help others all I can."—Mrs. R. E. DEMING, 437 W. Lafayette Ave., Syracuse, N. Y.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Moreover this reliable remedy contains no narcotics or harmful drugs and owes its efficiency to the medicinal extractives of the native roots and herbs which it contains.

Republican Hallowe'en Party

Speech making, dancing, stunts and refreshments attracted a large gathering to the Hallowe'en party at the Norway Republican Club headquarters Saturday night. Appropriate decorations were noticable about the rooms and were arranged by Ruth Cummings, Sara True and Ruth Akers with a corps of assistants.

Donald B. Partridge opened the exercises with a twenty minute address. He explained the obnoxious portions of the League of Nations as understood by prominent republicans, and reviewed briefly the points where the two large political parties differ.

Dancing followed with Mellie Dunham, the veteran fiddler and Miss Noble furnishing music. Old fashioned dances were reeled off while the merry party entered into the spirit of the occasion. Several modern steps were played to accomodate a generation not familiar with "Boston Fancy; Portland Fancy and Old Zip Coon." Hallowe'en stunts were arranged for those wishing to delve into the uncanny or mysterious.

Apples, pop corn, doughnuts and new cider were served during the evening.

Albert Descoteau went to Bemis Wednesday where he will repair the boilers, build two chimneys and do other mason work for C. B. Cummings & Son's Co.

Elbridge Woodworth caught the forefinger of his right hand in the tamper used in the cement road construction. The finger was torn from the knucke joint and amputation was necessary. The accident occurred Tuesday morning while he was getting the machine into working order near the Grand Trunk crossing at South Paris. A glove worn at the time caused the accident, it is thought.

Mr. and Mrs. Edward L. Burnell and Mrs. Edward G. Burnell, arranged a Hallowe'en party at their home on Main street, Thursday night. Their guests were Mr. and Mrs. Percy H. Nevers, Irene, Harold and Paul Nevers and Mr. and Mrs. Eugene C. Libby. The guests were met at the door by little Burnelle Burnell, who escorted them to the dining room which was decorated with every thing in keeping with Hallowe'en. A delicious supper was served the last course being a birthday cake, lighted with candles. Mr. Nevers was asked to count the candles but before he accomplished the task it was disclosed the party was in honor of his birthday, and a complete surprise to him. Edward G. Burnell and Mr. Nevers had been in the habit of having a sixty-three party on the date of their natal days which occur on the same day in October. This was the first anniversary of birthdays since Mr. Burnell passed away this surprise was given Mr. Nevers.

No sessions at the high school Thursday and Friday as the instructors attended the State Teachers convention at Bangor. The teachers attending were Elsie A. Peacock, Mrs. Janet Pratt, Edith M. Knight, Eva F. Hapgood, Ruth E. Brown and Edwin H. Brown.

Sikkenga is a member of the Maine Association.

John Prince is night watchman at the shoe factories while Robert York is having a vacation of two weeks.

"Bud" Merrill has sold his "road scooter" to Billy DeGrosse. The machine is a Cadillac truck worked over into a racing model with considerable speed and great roading qualities.

Oscar Burgess, a native of Norway has been visiting here the past two weeks. He is a marine engineer and coasts from Maine to Florida with steam freighters.

Among the Norway people at home from Lewiston for the week-end were Geo. P. Downing, Eula Bicknell, Hugh Bethell and Mr. and Mrs. Richard Deitrich Mrs. Deitrich remained for a visit of several days with relatives.

George Perry finished Saturday night as driver of the Norway-South Paris bus to work as line man for the Oxford Electric Co. Ted Young is driver for the present.

Jake Klain is receiving his reward for sending that monster wasp nest to the school on east side, New York city. The "wasp house" was received with joy and enthusiasm and will occupy a place of honor in the glass exhibition case. A letter of thanks from Jane Williams, assistant principal, arrived Saturday, stating the building cares for 1700 pupils in the grades. Each scholar wanted to handle the curiosity for a genuine nest was a rare sight. He also received 115 letters in one bunch from pupils whose ages ranged from seven to nine, years. They were interesting documents expressing thanks for his thoughtfulness.

WHAT SOME WOMEN HAVE DONE

I have read what some women have done and I should like to tell some of the things a woman in North Lovell has done, this summer. Mrs. Amos A. McKeen took a man's place in planting, cultivating, haying, picked over $25 of peas, besides other produce to sell, also for own use, helped dig 35 bushels of potatoes, 15 of carrots, 6 of beets, 23 of turnip, and put in cellar, 18 of which without help, pulled 100 head of cabbage, helped pull and thrash 9 bushels beans, helped pick 30 bushels apples, got up very early to get her work along to go into the field with her husband.

She canned 43 quarts, salted 4 gallons of cucumbers, made three of green tomato pickles, 2 of ripe cucumber did 2 family washings and for one person besides her own, helped do the chores, has the care, keeps the accounts, besides a lot of running and waiting on her family and others.

No matter what her troubles or how tired she may be, on her face is a pleasant smile for every one she sees.

I noticed in last week's Advertiser that a Northeast Lovell correspondent in a certain item wished to hear what the Republican women are doing

Mrs. Earle R. Fox and Mrs. W. L. Fox of West Lovell, have canned the following:

40 quarts of peas, 46 quarts of shell beans, 38 quarts of string beans, 2 quarts of pears 3 quarts of plums, 20 quarts of tomatoes, 25 quarts of tomato mincemeat, 40 quarts of greens, 42 quarts of wild strawberries, 50 quarts of blueberries, 10 quarts of blackberries, 27 quarts of raspberries, 18 quarts of cucumber pickles, 18 quarts of catsup, 3 quarts of grapes, 26 quarts of sweet cucumber pickles, 36 quarts of sweet corn, 2 quarts of apples, 15 quarts of sweet tomato pickles, 6 quarts of pork mincemeat, and 4 gallons of salted Endive.

BATES—WEST PARIS

Mrs. Betsey Curtis

Mrs. Betsey G. Curtis died Tuesday, Oct. 19 at her home on Curtis Hill, of old age. Mrs. Curtis lived a long useful life on the same farm where she was born on Dec. 9, nearly 91 years ago. Lurvey now of Buckfield and Mrs. Lottie Lurvey Curtis, widow of the late Solon Curtis who has always remained on the home farm and with her daughter Mrs. Marion Mayhew have tenderly cared for her during all her declining years.

NORWAY AND VICINITY

Norway Man Visits Notables

Frederick M. Davis returned, Friday, from a trip to Boston, the first in twelve years. With headquarters at his uncle's Maurice Russell's, in Cambridge, Fred journeyed to points of interest and enjoyed a mental feast for seven days. The visit was full of thrills as he went especially to visit Longfellow's grave in Mt. Auburn cemetery, and later to pay his respects to Newton Newkirk. An hour was passed at the last resting place of his favorite poet, and emotions from this visit cannot be satisfactorialy described. The association with "Newt" in his private sanctum in the Boston Post building is less ethical and the impressions absorbed were along more gross lines.

Of course the "All Sorts" Editor was glad to meet a friendly composer from Maine, and the pair nestled right down in their easy chairs and talked about "Newt's" stuff and the "good old summer time" around Norway and the Kezars. That "Newt" made a profound impression is an open secret, and Fred is singing the praises of the fellow who can spare time to receive callers, while working beyond union hours in a busy humor factory.

To cap the climax our traveler listened to a speech on the Common, Thursday evening, delivered by the Democratic presidential nominee, James M. Cox. "A larger crowd was there than we have at our county fair," said Fred. Every word was heard distinctly and great enthusiasm surged through the crowd especially when Irish freedom came into the speech.

The "big three" have impressed Fred greatly. Longfellow, for his beauty of expression and delicate shadings in verse, Newkirk, because he has coal black eyes, a pleasing personality, plus a failure in the hair crop, and writes "Sphinx" stuff; James M. Cox, for his powerful oratory and unquestioned sincereity to champion the League of Nations.

Ancient Local Newspaper

Dennis Pike shows us a copy of the Jeffersonian, printed in Paris, Maine, March 26, 1833, by Horatio King.

The paper has seen rough usage in the 87 years and over since it was addressed to I. J. Shaw. Part of the 4th page is missing and is worn through in the folds. The paper now is the property of J. E. Hilborn of West Minot. The subscription price was $2.00 per year, one-half cash in advance. It was number 52 of the sixth volume—whole number, 312.

Bowdoin College Jazz Orchestra dance at Norway Opera House, Saturday evening, was well attended. The music was snappy with pep sprinkled on every note. "A great dance team," is the general expression, and everybody enjoyed the evening.

$100.00 REWARD

It has been said by those who either have no Maine Gems to sell, or else because of ignorance that there is no such thing as a Maine Gem. My show case is filled with semi-precious stones, mined and cut in Maine, and sold throughout the U. S. in the best stores, including Tiffany & Co. of New York. The above sum will be paid to any person who can prove there are no Maine Gems. I would be perfectly safe in making it a million dollars reward, did I possess that amount of money.

CENTRAL MAINE POWER CO.

The first big generator for the Central Maine Power Company's new power house at Skowhegan has arrived and is being put in place. This generator will develope 4250 HP.

At the same time there arrived one of the huge "runners" or waterwheels to drive this generator. This wheel weighs 40,000 pounds and is 10 feet in diameter. As an illustration of the advance in water wheel designing, it is interesting to note that this one wheel will produce more power than the 14 wheels that formerly operated the mills at Skowhegan. The reason for this is that while the old style wheels only utilized from 60 to 70 percent of the water, this new one is capable of using over 90 per cent of the water power.

With the work in its present advanced condition so early in the season, the Company expects that this first generator will be in operation around December 1, throwing its electrical energy into the interconnected lines of the company to be used wherever it is needed in any part of the system.

The sign of a reliable dealer and the world's best Gasoline

Every motor highway and byway throughout picturesque New England and New York is a part of the long "Socony Trail".

MANY quaint sections of old New London are familiar to thousands of New England motorists. There is a main Socony depot there and many well-distributed filling stations to assure a dependable supply of gasoline and motor oils for all who need them.

The excellence of Socony products and Socony service is uniformly high. Unequalled experience in petroleum refining and progressive methods of distribution have made them possible.

Socony gasoline is always clean and powerful. Every drop of every gallon is the same wherever and wherever you buy it. It vaporizes quickly, ignites easily and burns completely in summer and winter alike. It is the standard of all motor fuels.

Use Socony products regularly. You will notice a favorable difference in the performance of your motor—more power, greater mileage.

Look for the red, white and blue Socony sign.

NORWAY AND VICINITY

Maurice L. Noyes, the South Paris contractor, has finished the six bungalows, one for Edwin Chick and five for the Norway Building Association. Painters are finishing the interiors of the last two and the Oxford Electric Co. are installing lights. The six buildings have sewer connections.

Band music for Republican Victory Celebration comes high! Ninety dollars for a few pieces of soul stirring melodies! Wonder if it wasn't a Democratic band? Scarcity makes for high prices to say nothing about marching and making merry at your own funeral. Steve Jellerson says the price was outrageous.

Freeland Young has cut down one of the stately elms in front of his residence. Rings on the stump indicate the tree has stood at least seventy-five years. Another elm, also damaged by a gale, last summer, will probably follow this one into stove wood. Both trees in common with others growing on that part of Water street have been familiar landmarks and greatly admired by summer visitors.

Mrs. Maria Johnson, who moved here, recently, from South Paris, is housekeeper for the present at C. F. Brackett's, Fair street, and caring for his infant son.

James Pledge is busy tending his meat shop while Walter Luck handles the delivery business and Wm. Pledge is man of all work. Mr. Pledge has not fully recovered from pneumonia, and the changes in the weather make work a struggle at times.

J. Emil Beaulieu of Coaticook, Quebec, formerly station agent at Norway, was in town Saturday and Sunday, making preprations to move his family to his new location.

The street report that Carroll, Jellerson Shoe Co. start up Monday, is without foundation. The news, if true, would sound good and break a dull spell in town, but orders on hand are not sufficient to warrant calling in the workers, at present. L. M. Carroll and S. O. Jellerson are at the large shoe centers on business which may start the wheels at an early date.

Dr. Marguerite E. Stevens, osteopath, has changed her office hours, and is at her office here each week, from 10 a. m., Wednesday, to 10 a. m., Thursday.

Mrs. Harry M. Goodwin, Pike Hill, entertained a family gathering, Wednesday. Those present were: Mr. and Mrs. Goodwin, Mrs. Herbert Adams of Lovell, Mrs. Walter C. Smith of the village, Mr. and Mrs. Raymond B. Swan of Westbrook and Mrs. J. B. Frost of Norway Lake.

Geo. L. Hancock drove the American Railway Express team, the first of the week, while Arthur Thompson was recovering from a short illness.

Thursday morning, Nov. 11, was the coldest thus far: Temperature fell to 12 above zero, freezing the ground and skimming the pools.

Frank Herrick of Stoneham was in town, Wednesday, all fitted out for hunting big game. He is cruising over this vicinity with several local sportsmen.

Tim L. Heath's crew removed a tall pine tree from the Jacob Tubbs lot at Pine Grove Cemetery this week. Tackle and falls were used as the job was a delicate one.
